Griff McDonald and Ralph Jones were announced this morning as winners of DePauw University's two most coveted undergraduate awards at the school's annual Recognition Chapel.

McDonald, a Green Lake, Wis., student who has been student body president, was handed the Guy Morrison Walker Cup as the senior who had contributed most to the college. A similar prize, the new \$500 Laurence I. Wood Achievement Award, was captured by Ralph Jones, Pekin, Ill., chosen as the outstanding member of the junior class.

Jones, studying this semester at The American University in Washington, D. C., received the honor in absentia from President William E. Kerstetter.

Gold Key, scholarship-leadership-activities honorary for top junior men, tapped John Clodfelter, son of Mrs. Elizabeth Clodfelter, 212 S. Vine, Greencastle; Larry Morrison, Lafayette; Tom Porter, Iowa City, Ia.; Dave Callies, Hinsdale, Ill.; Hal Marquardt, Matteson, Ill.; and Ray Williamson, Derwood, Md.

Two more Putnam County students in addition to Clodfelter receiving awards were Karen Carter, daughter of Mr. and Mrs. Marcus Carter, 101 S. Locust, Greencastle, and David Brattain, who is the son of Mr. and Mrs. Marion Brattain, Roschdale.

Miss Carter was handed the Don Campbell Award as the senior woman who had made the most outstanding contribution to theatre at DePauw. Brattain was one of only four students whose election to Pi Kappa Lambda national music honorary was announced.

WGRE Honors  
Local Students

Two Greencastle area students have received honors and appointments from DePauw University's educational radio station, WGRE.

Mike Garriott, son of Dr. and Mrs. Harold Garriott, 708 Highwood, is among 12 students who have been awarded miniature silver microphones for outstanding service to the station during the past year.

Effectiveness in remote sports monitoring brought recognition to Garriott, a junior and a graduate of Greencastle High School.

Ralph Spelbring, a freshman from Poland at DePauw, and Garriott are among the new appointments named to serve the station during 1964-65.

Spelbring, son of Mr. and Mrs. Harold Spelbring, Route 2, has been appointed to the sports staff. Garriott will have duties in production, special events and technical operations.

The assignments were announced recently by Professor Elizabeth Turnell, director of the station.

Playhouse Will  
Hold Tryouts

Putnam County Playhouse directors will be in three Putnam County areas during the next two weeks in an attempt to gain greater county-wide participation in the non-profit corporation's summer plays.

Open tryouts for all the 1964 offerings will be held in Fillmore, Cloverdale, and Bainbridge at the respective high school buildings on the following schedule:

Fillmore: 10:00 a.m. Saturday, May 9.

Cloverdale: 2:00 p.m. Saturday, May 9.

Bainbridge: 10:00 a.m. Saturday, May 16.

All adults, young adults, and high school students interested in the summer theatre are urged to attend the general tryouts. The objective is to find those who are interested in working with the playhouse, both in acting roles and in technical activities.

The plays to be presented during the 1964 season are "The Silver Whistle" in July, "Born Yesterday" in August, and the musical "Guys and Dolls" in early September.

At a date to be announced later there will be tryouts for those in the Greencastle area and final tryouts for each of the three productions, according to James Elrod, president of the Playhouse.

Those interested in trying out for "Guys and Dolls" are asked to bring music, according to Elrod. An accompanist will be provided at each of the tryout places.

In charge of the county tryouts will be Peter Hill, Hugh Glick, and Elrod, directors of this summer's three productions. They urge all interested in summer theatricals—actors, stage hands, wardrobe or property personnel, publicity aids, and those interested in other activities of the group—to attend the tryout sessions. Those who have questions about the productions or about working with the group should contact Elrod at OLiver 3-6289.

## Maryland Next

INDIANAPOLIS UPI — Gov. George C. Wallace of Alabama, his spirits bolstered by a favorable showing in a second northern presidential primary, set his sights today on the Maryland voting May 18.

Wallace won about 31 per cent of the Indiana Democratic primary vote yesterday, almost the same as the 32 per cent he received in Wisconsin last month.

## Reds Attack

SAIGON, South Viet Nam UPI — Communist guerrillas have attacked and smashed another government outpost 60 miles west of Saigon, the Defense Ministry announced today.

A ministry spokesman said at least nine government soldiers were killed or missing in the Viet Cong assault, which took place Tuesday.

Reports from the outpost put the Communist losses at two dead.

The attackers seized several machine guns and other automatic weapons before they fled into the bush.

Twisters Leave  
2 Persons Dead

Strong winds buffeted the Corn Belt today in the wake of trip-hammer tornadoes that left two persons dead, scores injured and dozens of buildings demolished.

A spring storm blanketed Reno, Nev., with 4 inches of fresh snow.

Nebraska Gov. Frank Morrison ordered 174 National Guardsmen into his state's disaster areas. Damage was estimated in the millions of dollars.

WASHINGTON UPI — Gov. George C. Wallace of Alabama jared the national Democratic party again today with a declaration of independence in his home state and an impressive but second best vote in the Indiana presidential primary.

As expected, Sen. Barry Goldwater of Arizona easily defeated Harold E. Stassen in the Indiana Republican presidential primary. By adding Indiana's 32 national convention votes on the first ballot, Goldwater's headquarters claimed 264 of the 655 votes needed to win the presidential nomination.

Party primaries to nominate candidates for various offices were held Tuesday in Alabama, Indiana, Ohio, Florida, Oklahoma, New Mexico and the District of Columbia. Echoes of the national debate on civil rights were heard in contests in Ohio and Florida as well as in Alabama and Indiana.

Wallace made himself the symbol of opposition to the Johnson administration's civil rights program.

In the Alabama primary, a Wallace-backed slate of unpledged presidential electors won a runaway victory over a slate pledged to support the nominee of the national Democratic party. Thus Alabama's 10 electoral votes can be withheld from President Johnson after the election next November.

In the Indiana primary, Gov. Matthew Welsh ran as a favorite son candidate and stand-in for Johnson to defeat the segregationist Wallace.

Wallace Polls  
Big State Vote

INDIANAPOLIS UPI — Alabama Gov. George C. Wallace viewed his 31 per cent vote in the Indiana Democratic presidential preference primary today as a victory which will permit his states' rights supporters to decide the 1964 presidency.

Wallace nearly duplicated his Wisconsin primary showing of last month by racking up nearly 175,000 votes, almost half the total received by Indiana Gov. Matthew E. Welsh, who ran in behalf of President Johnson.

The Alabama governor polled about 19 per cent or more than 900,000 votes cast for president in both parties. Five unheralded candidates, three Democrats and two Republicans, received about 50,000 votes between them.

Nikita Visits  
Arab Republic

MOSCOW UPI — Premier Nikita S. Khrushchev set out today on a goodwill visit to the United Arab Republic as part of a campaign to win African friendship away from both the West and Communist China.

Khrushchev and a party of 25 including Foreign Minister Andrei Gromyko were sailing from Yalta on the Soviet steamer Armenia, which is scheduled to reach Alexandria Saturday. It will be the Soviet premier's first goodwill tour of an African state.

## Girl, 4, Perishes In Home Fire

FORT WAYNE UPI — Lois Rayhouser, 4, died Tuesday night in a fire which swept her home here.

Authorities said the girl, daughter of Mr. and Mrs. Robert Rayhouser, died of burns and suffocation in a fire which she apparently started while playing with matches. She was dead on arrival at a hospital.

Flames prevented the father from reaching his daughter as the fire spread through their home, a converted garage on the southside of the city.

## Wagner Would Run For Veep

NEW YORK UPI — Mayor Robert F. Wagner said today he had no objection to running for vice president provided President Johnson wanted him to.

Wagner made his statement at Kennedy Airport here following a flight from Los Angeles where he addressed the Building Service Employees International Union convention.

The selection of a running-mate of the Democratic ticket this fall is up to the President, Wagner said, adding that very few persons would turn down such an invitation.

"If they say otherwise, they are kidding the people and kidding themselves," Wagner said.

The mayor said he was "not doing anything" to win the designation.

## Compromise On Common Market

GENEVA UPI —The "Kennedy round" of trade negotiations got to an official start today after a last-minute compromise between the United

States and the Common Market. Ministers and trade experts from 42 nations concluded a three-day inaugural meeting by which laid down the ground rules for the negotiations. It said the figure of 50 per cent is a working "hypothesis" for linear tariff reductions.

The term "hypothesis" was used because France refused to go along with an American desire to see 50 per cent formally approved as a target goal for tariff reductions.

The compromise, which in effect meant that everyone else had to go along with France, was worked out by experts Tuesday night and adopted by ministers at this morning's final session.

# Beef Up the Menu

Recipes Feature Chopped Meat

By Joan O'Sullivan  
IF YOU'RE looking to beef up the menu, and chopped beef is always a good buy, add today's recipes to your repertoire. They feature chopped beef served in three appetizing ways. **Brings Out Flavor**

Two of the recipes mix the meat with monosodium glutamate, a product designed to bring out the full "beefy" flavor of the meat.

The third recipe, Quick Company Casserole, sparks the meat with the zesty spice of Tabasco, the liquid red pepper.

## LION-SIZE MEAT LOAF

- 6 lbs. ground beef
- 1 tbs. monosodium glutamate
- 2 tbs. salt
- 1 tsp. pepper
- 2 tall cans (1½ c. each) evaporated milk
- ½ c. catsup
- 6 c. soft bread crumbs
- ½ tsp. each thyme, savory, marjoram
- 1 large onion, finely chopped
- onion rings

Sprinkle beef with monosodium glutamate, salt and pepper.

Pour evaporated milk and catsup over bread crumbs in mixing bowl, add herbs, beat until blended; mix in onion.

Add ground beef mixture; mix until lightly blended.

Turn into 16x4½x4-in. loaf pan or into two 9x5x3-in. loaf pans.

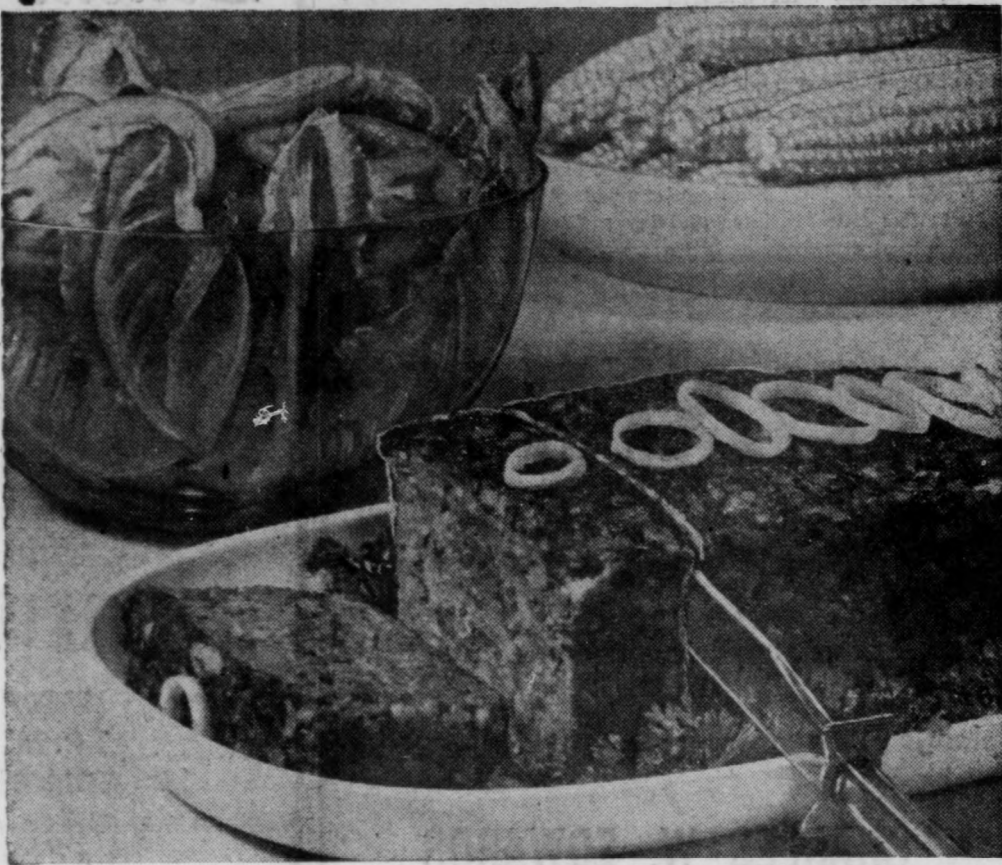

Bake in mod. oven, 350 F., for 1 hour and 45 minutes.

To serve, garnish with onion rings.

Serves 24.

## TREASURE BURGERS

- 1 lb. ground beef
- 1 tsp. monosodium glutamate
- ¾ tsp. salt
- ¾ tsp. pepper
- 2 tbs. pickle relish, catsup or chopped pimiento-stuffed olives

LION-SIZE MEAT LOAF will serve 24. Make it in one large pan if company is coming or bake it in two small pans for the fa

- or 4 tsp. chopped onion
- or 4 slices American cheese

In bowl, break up meat with fork. Sprinkle with monosodium glutamate, salt and pepper. Toss gently with fork to distribute ingredients.

Shape into 8 thin patties. Spoon 1 tbs. of desired filling (pickle relish, etc.) on each of 4 patties and press edges together to seal.

Panbroil, broil or grill to desired doneness. Serves 4.

## QUICK COMPANY CASSEROLE

- 1 lb. ground beef
- ¾ c. minced onion
- 2 tsp. salt
- ¾ tsp. Tabasco
- 1 c. raw rice
- 1 (1 lb.) can stewed tomatoes

- tomatoes
- 1 bouillon cube
- 1 c. hot water

Combine beef, onion, 1 tsp. salt and ½ tsp. Tabasco; shape into 8 meat balls.

Roll in rice, place in greased 2-qt. casserole.

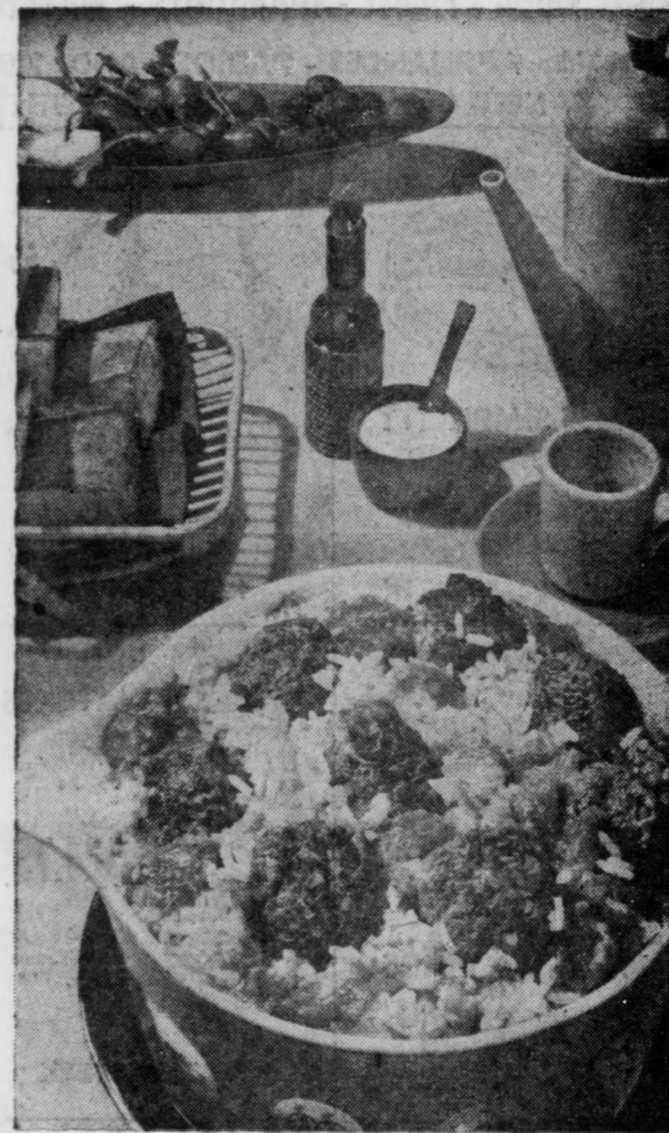

Combine remaining 1 tsp. salt

and ¼ tsp. Tabasco with stewed tomatoes; pour over casserole. Sprinkle with remaining

rice.

Cover; bake in moderate oven, 350 F. for 1 hour and 10 minutes or until rice is cooked.

Serves 4.

A QUICK COMPANY CASSEROLE of ground beef, onion, stewed tomatoes, rice, bouillon and Tabasco is delicious.

## New Railroad Wrangle Looms

WASHINGTON UPI — The president of the Brotherhood of Locomotive Firemen and Enginemen BLFE accused the nation's railroads today of deliberately misinterpreting a federal arbitration award in eliminating firemen from diesel locomotives.

BLFE chief H. E. Gilbert made the accusation at a news conference in seeking to explain the union's position in a new rail union-management wrangle in advance of a sched-

uled meeting Thursday to work out differences in interpretation of the arbitration board's award. A federal district judge Tuesday issued an order to block strikes against several major railroads threatened by the BLFE. The order is good for 10 days.

## PCS May Take Hand In Case

INDIANAPOLIS UPI — Chairman Merton Stanley of the Indiana Public Service Commission said today the PSC may

intervene in a Federal Power Commission case which threatens to take away state jurisdiction of wholesale power sales. The FPC has begun a probe of power sold by the Public Service Company of Indiana to municipalities and Rural Electric Membership corporations.

The utility sells to 48 cities and towns on a wholesale basis and to 31 REMCs, all in Indiana. The state commission already has made its own investigation and classified such energy as intra-state.

"We could intervene on the grounds that we already have jurisdiction," Stanley pointed

out. The PSC has made similar classifications of intra-state sales for Indiana and Michigan and for Southern Gas & Electric companies but the federal agency later compelled I & M to file rate schedules for its wholesale power sales with it.

## TIPS ON ENTERTAINING

One of the world's most entertaining figures, famous movie butler Arthur Treacher is in real life a skilled host who can offer you many helpful party pointers.

Whatever the size of your next party, you can make it a big success for all concerned by observing a few simple do's and don'ts.

DO arrange your furniture to encourage "small talk." If too many chairs are gathered into a single grouping, guests may feel they are addressing a meeting when they speak up.

DON'T feel you must provide a wide variety of foods and beverages. Stick to a few well-known liquor brands such as Walker's DeLuxe 8-year-old bourbon. In planning menus and cocktail refreshments, follow this rule: keep it simple, keep it simple, keep it simple.

DO check on your home's lighting. Well-lit entrances and hallways are a safety feature as well as a welcoming beacon. In the living room, a good distribution of lamps should cast a soft, even glow; harsh contrasts of light and dark areas strain eyes and tempers.

DON'T forget to keep near the phone a list of local merchants who stay open at night. Then if you need extra supplies in a hurry, you needn't rack your brains to remember store names and addresses.

DO learn the art of asking "The Big Question" to stimulate lagging conversation. A "man-woman" question is excellent: Are men or women better drivers? Is it true that a woman's intelligence shows in her face?

DON'T be thrown for a loss when someone knocks over a glass or a vase; sooner or later, it's bound to happen. Focus attention away from the mishap — by moving the party to another room, or by starting a game or turning on the TV.

## Happy is The Bride

— Who is Gifted with Sterling

A novel idea for a bridal shower gift is to "package" a place setting of sterling flatware as an old-fashioned nosegay.

The bouquet may be of real or artificial flowers, trimmed with a lace paper dolly. Wrap stems in foil, or green florists' tape, and tuck the sterling pieces in among the blossoms. As a bonus, dangle tiny individual salt and pepper shakers from satin ribbons. If it's a group gift, attach name tags to ribbons, too. There's no bridal gift more desired — or desirable — than sterling. If the bride has received the traditional gift of sterling flatware from her parents, she'll welcome each additional setting that contributes to rounding out her service. If she has not already received her sterling here's a fine way to help her get started.

### Students Hear George Murphey

Eroded soil heals slowly even with proper renovation and grapevines are as undesirable in a forest as weeds are in a corn field said George Murphey, soil Conservationist, talking to 32 fifth grade pupils from Miller School last Thursday attending a three day session at Fern Cliff which offers a unique classroom scented with pine, sassafras, spice bushes, and the other refreshing aromas of a deep, moist woods

carpeted with a gorgeous display of woodland wildflowers amid a background of symphonic music by the many feathered friends who were attuned to Spring.

Wednesday morning was spent on an exploratory hike with all campers soaked by a chilly downpour but spirits became gay around a roaring fire in the cottage. Sack lunches were never so good while listening to the famous "Recordings of Birdcalls" done by ornithologists of Cornell University. And what kind of food is in a sack? A fellow's favorite! Or why was one of the boys observed seated

on the floor leaning against his chair devouring 6 deviled eggs? About this time Frosty Miller, Extension Forester, joined the group to take us on a most educational experience with "colored slides showing how forests provide lumber, pulpwood, water conservation, and recreational benefits. Also an art class was conducted by Nellie Hurst using as a medium crayons heated in candle flames which resulted in masterpieces done in oils. Singing, led by Mrs. Arnold, sounded as though it were coming from Music Hall.

Around the Council Ring Friday morning Kenny Harris, Ag-

ricultural Agent, discussed good and harmful insects, plants which may be either beneficial or undesirable, and the wise use of chemicals and insecticides, ending with a challenge of membership in 4-H.

Snack time morning and afternoon provided all the chocolate or white milk and mountains of cookies which campers could consume.

The first group morning activity was a 20 minute period of vigorous physical exercises. Active games were scheduled for the afternoons. Work was also accomplished—five large tents erected for future campers, part

of the quarry bluff was fenced, and clean-up.

Mrs. Cleveland Hickman of DePauw's Zoology Department accompanied by Clara Lee of Formosa were guests Friday afternoon. You travel fast when you start through a woods with Mrs. Hickman leading the excursion. Rushing down a steep hill toward a roaring stream she tripped over a decayed log, rolled into the water, scurried up and back to the overturned log and announced, "Look what I have discovered." Indeed, Zoology class got under way fast with every crowding pupil intensely interested. Finally when

an excited class returned to headquarters, Mrs. Hickman concluded her much too short stay by dissecting some laboratory specimens which she had brought.

Two self-announced naturalists (mushroom hunters), age 10 each, got lost in the woods and altered camping procedure somewhat. Two unusual discoveries were made. A small patch of white flowered trilliums—rare to the area—were in bloom and a buzzard's nest with two eggs was hidden high in a cliff overhang.

Serving as counselors for the Day School Camp were Kaye

Arnold, Nellie Hurst, Wilbur Muzay, and Albert Avery. If there is a basic philosophy to guide the outdoor classroom experience it is to each of the boys and girls to Stand Tall.

This week pupils of Mrs. Cowling's Fifth grade will also discover that there is a hymn out-of-doors which tunes the individual to real living. Should this pilot study in outdoor classes prove successful it may be extended to more fifth grades next school year.

## Sheinwold On Bridge

Avoid Opening Up

Short Suit At Notrump

By ALFRED SHEINWOLD

A Wet Paint sign has an irresistible appeal to most of us, but we can usually stay at a respectful distance from fire, explosives, and buzz-saws. A certain kind of bridge player lacks this innate caution.

South dealer  
Both sides vulnerable

South won the first trick with

the nine of hearts and led a club to dummy's queen. West did his best to confuse declarer by playing the jack of clubs, but South was not deceived. He returned to his hand to lead another club toward dummy.

The idea was good, but the execution was faulty. South returned to his hand by leading a low spade to the queen. Touching a suit in which he held so few cards was just asking for trouble.

East played the ten of spades to show his interest in the suit, and West had little trouble

in reading the signal. When South led a second club, West rose with the ace of clubs and returned the jack of spades.

### GREAT FALL

It was the biggest fall since Humpty Dumpty. The jack, king and ace of spades fell together, and South could get only eight tricks. As soon as South tried to develop a second heart trick, West took the ace of hearts and led his last spade.

South should have reached his hand by way of the ace of diamonds instead of the queen of spades. The opponents might

take two diamonds, a club, and a heart, but they could not defeat the contract.

When the opponents fail to attack their best suit, don't open it up for them. In general, work on your long suits, and let the opponents find your short suits without any help from you.

### DAILY QUESTION

Partner opens with one heart, and the next player passes. You hold: S K 5 H Q 10 4 D J 5 2 C K Q 8 6 2. What do you say?

Answer: Bid two clubs. You

will raise hearts next, thus showing a hand too strong for a single raise but not strong enough for a double raise.

## A-Subs Built By Soviet Union

WASHINGTON UPI — The Soviet Union is building 7 to 10 nuclear-powered submarines a year and is letting them be seen with increasing frequency on the surface of the seas, it

was learned today. Russian submarines no longer dive and disappear when spotted on the ocean surface but proceed unflustered on their courses or in their exercises.

As far as is known, they rarely, if ever, come anywhere near American shores.

Expansion of the Soviet nuclear submarine fleet and the boldness of its operations point up the major problems facing American military planners in upgrading anti-submarine warfare forces and devising de-

fenses against submarine-launched missiles.

The Russian nuclear subs are of both the missile-firing type and the attack type which fights other submarines and destroys shipping.

### Cub Scouts Plan Indian Village

The Cub Scout Indian Village will be one of the highlights of the Scout Fair to be presented this year on May 9, at Terre Haute in the Stadium. Almost 50 teepees made by the different Packs will form the back ground for Cub activity which includes handicraft and Indian dancing.

All during the month of April, the Packs used Indian Lore as the theme for their activities. Cubs learned about the Ameri-

can Indians, the different tribes, the way they dressed, made their clothing, what they ate, etc. Then each Pack "adopted" a tribe. Boys and their families have been busy making costumes and the Cubs have learned several Indian Dances which they will perform for the public.

The climax to the Cub Show will be the Akela Dance with all Cubs participating at one time in this gigantic welcome to Akela. This will open the evening show at 7:30 p.m.
